OBJECTIVE

Recent Computer Engineering graduate with hands-on experience in embedded systems, TinyML, and full-stack development, gained through an OJT at AMTEC-UPLB and a machine learning-based thesis project. Seeking to apply strong problem-solving skills and a growing foundation in cloud technologies to contribute to real-world engineering and software projects.

EDUCATION

Laguna State Polytechnic University - Sta. Cruz Main Campus (2022 – Present)

Bachelor of Science in Computer Engineering

San Pablo City Science Integrated High School (2020 – 2022)

Science, Technology, Engineering, and Mathematics (STEM) • With High Honor

TECHNICAL SKILLS

- **Programming** – C/C++, Arduino, Java, Python, Dart/Flutter, JavaScript, Next.js, Git/GitHub, TinyML / Embedded ML (TensorFlow Lite)
- **Microsoft Office Proficiency:** MS Word, Excel, Power Point
- **Google Workspace:** Google Docs, Sheets, Forms
- **Adobe Workspace:** Photoshop, Lightroom CC, Premier Pro, After Effects
- **Embedded Systems Development**
- **Website/Mobile Application Development**
- **Other Skills:** Trouble Shooting, Documentation

EXPERIENCE

Internship Experience

- **Agricultural Machinery Testing and Evaluation Center (AMTEC), UPLB — OJT (2026)**

- Developed a WordPress plugin-based agricultural machinery catalogue system that pulls live data from Google Sheets, streamlining how machinery records are displayed and updated

- Built a Python desktop application that automates Word report generation from Excel data, reducing manual reporting work for the center's staff

Thesis

- **Coconut Maturity Detection using Acoustic Signal Analysis** - Designed a TinyML-based device using an ESP32-S3 microcontroller to classify young coconut maturity from acoustic signals, using MFE feature extraction and a cascaded binary CNN model deployed via TFLite. Won 1st Place at the Laguna State Polytechnic University Intercollegiate Research Congress.

SEMINARS

- Beyond Firewalls: A Unified Approach to Cybersecurity, webinar by the Department of Information and Communications Technology – June 13, 2025
- ICpEP.SE Regional Convention, General Assembly and CpE Challenge
- ICpEP.SE Regional Convention, General Assembly and CpE Challenge 2024

CERTIFICATIONS

- Certified Safety Officer 1 (BOSH SO1)
- Civil Service Examination - Professional Level (*Rating: 90.26%*)
