09158664730

OBJECTIVE

To gain practical experience in industry operations by applying theoretical and practical computer engineering knowledge, while developing technical proficiency, problem-solving abilities, and professional skills to effectively contribute to organizational projects and grow as a future engineering practitioner.

EDUCATION

Laguna State Polytechnic University - Sta. Cruz Main Campus (2022 – Present)

Bachelor of Science in Computer Engineering

San Pablo City Science Integrated High School (2020 – 2022)

Science, Technology, Engineering, and Mathematics (STEM) • With High Honor

TECHNICAL SKILLS

- **Programming** – C/C++, Arduino, Java, Python (basic), Dart (Flutter – basic), SQL database, MATLAB
- **Microsoft Office Proficiency:** MS Word, Excel, Power Point
- **Google Workspace:** Google Docs, Sheets, Forms
- **Photoshop:** Adobe Photoshop, Canva
- **Electronics Assembly**
- **Embedded Systems Development**
- **Website/Mobile Application Development**
- **Other Skills:** Trouble Shooting, Documentation

EXPERIENCE

Student/Academic Projects

- **Automatic Pet Feeder** - Designed an automated feeding system with scheduled feeding times - Implemented food-level detection and portion control logic - Integrated RTC module for accurate scheduling
- **Bluetooth Controlled Audio Amplifier** - Developed an audio amplifier with bass, treble, and volume control - Used ESP32 for Bluetooth communication and mobile app control - Worked with audio ICs and amplifier modules
- **Library Management System** - Developed a desktop-based library system using Visual Basic with an SQL database for managing books, users, and borrowing records.
- **Medication Dispenser with Alarm and Mobile Integration** - Designed a medication dispensing system with scheduled alarms and a Flutter mobile app for reminders and system control.

Thesis

- **Coconut Maturity Detection using Acoustic Signal Analysis** - Conducted thesis research on determining coconut maturity by analyzing acoustic signals using signal processing and classification techniques.

SEMINARS

- Beyond Firewalls: A Unified Approach to Cybersecurity, webinar by the Department of Information and Communications Technology – June 13, 2025
- ICpEP.SE Regional Convention, General Assembly and CpE Challenge
- ICpEP.SE Regional Convention, General Assembly and CpE Challenge 2024

CERTIFICATIONS

- Certified Safety Officer 1 (BOSH SO1)
- Civil Service Examination - Professional Level (*Rating: 90.26%*)
